Fly Fishing Guides & Courses

Where the Royals once had their exclusive “hunting and fishing garden”, today you can enjoy a beautiful and exclusive Fly Fishing area called “LA REGINA DELLE MERAVIGLIE - REINE DES MERVEILLES”, where every outdoor lover and passionate Fly Fisherman will have the opportunity to flyfish and experience unique hikes and Fly Fishing. Crystal clear waters, surrounded by mountain peaks and snowfields, simply breathtaking views and rich microfaunas in intact river environments, characterize the area between Italy and France. The water levels are constant all year round, the rivers and the alpine lakes constitute the beautiful home of a significant population of marble trout, brownies and rainbows. A wide ongoing project about local trout development and the re-introduction of the typical northern italian plain grayling. A Natural Alpine Park with an historical and traditional tourist accommodation, a natural hot springs site called “Terme di Valdieri” characterize the italian mountainside and the unique and world wild well-known “Vallée des Merveilles” located in the Mercantour National Park on the French mountainside make these places a perfect destination for the fly fishermen of all around the world together with their families.
